

## Profile Story

*This week's feature : Jimmy Dickey*

Jimmy Dickey was born at Fairview hospital in Cleveland , Ohio. He grew up in Westlake , Ohio with his younger brother Sam. His parents, Jim and Paige Dickey, are long time members here at Prince of Peace. He attended Lutheran West and Westlake High School where he graduated in 2019. He continued his education when he attended the University of Miami, Florida. He cheers their teams with a hardy “Go Canes”! Jimmy was the President of the Alpha Sigma Phi fraternity for two years. He earned a B.S. in Finance .

During his studies, he remained focused in many areas to gain needed experience. Jimmy completed several summer internships while at Miami. He worked at Vertellus; a chemical company based in Indianapolis, for a summer. His next summer internship was with Skechers , the shoe company, based in Manhattan Beach (L.A.). Upon graduating from Miami in 2023, he took a position as an Investment Banking Analyst with Jones Trading International Services in New York City (Manhattan). Jimmy

recently passed the financial securities certification tests (Series 7, 63, 79) and is now a licensed Registered Representative.

Jimmy was baptized and confirmed at Prince of Peace, both by Pastor Bishop. He has fond memories of Youth Programs (even though he gave Pastor Bishop, Hilary and Bev a bit of a hard time). They were all great and he appreciated their mentorship and patience. While he currently lives in New York City, he appreciates the opportunity to worship on demand with the Livestream option.

In his spare time, he has hobbies and interests to enjoy. He loves to work out, watching Miami Football and traveling. Jimmy took a recent trip to Gainesville, FL to watch the Hurricanes thoroughly beat the Gators! Something that people may not know about him is he had two AAU youth basketball teammates that eventually started in college football; one at The Ohio State University, one at the University of Michigan.

Jimmy hopes to continue his finance career working in New York, but he looks forward to future opportunities building on his entrepreneurial skills. He also hopes to someday return to sunny Florida!

The future of the Lutheran Church, no matter where it may be, requires a talented and committed younger generation. I'm glad we see these traits in Jimmy and many others that have built a foundation here at Prince of Peace!
